

TEXTUAL STUDY AND TRANSLATION

The Taittirīya Śikṣā on Pronunciation: A Translation with Notes

Sample Author

ABSTRACT

An annotated translation of the phonetic sections, with notes on the terminology of articulation and its relation to later Vyākaraṇa.

Introduction

An annotated translation of the phonetic sections, with notes on the terminology of articulation and its relation to later Vyākaraṇa.

This is sample content prepared to demonstrate the journal platform. The published version would continue with the full argument, its evidence and its apparatus.

Method

Sources are cited by edition, chapter and verse where a primary text carries the argument. Where a translation is the author's own, it is marked as such.

Discussion

Claims about a tradition are distinguished from the author's inference, and modern scientific or social claims are supported by contemporary evidence rather than asserted.
